

COALFIELDS COMMUNITY FUTURES

Picture My Place

As you score each panel you will build your very own graphic picture of your place. See below to get the idea.

Once you have scored each panel you can download your own pdf to keep.

RESULTS AND NEXT STEPS

You can easily see what is performing well and where there is room for improvement.

The fuller the shape, the better served your community is.

Together, these results will help create a plan for positive action in your community.

If you want to help out in making your place better
